ALUMNI PROFILES

Megan Sanderson, Alumnae in the field

For undergraduate was like coming home; the department was the "right place" for her. Coming back to Northwestern, she said, "Feeling at home with the department, it was just perfect."

Sanderson was a national science writer who worked for the department of Earth and Planetary Sciences at Northwestern University. She was an assistant professor in the department of Earth and Planetary Sciences—and a research associate in Geophysics—while working on her PhD in Geophysics.
